Annual Fair Probably Will Not Be Held in Antioch Next Summer

Association Seeks Another Location Because of Crowded Space

Antioch, the home of the Lake County fair for many years may not be host this year.

Lack of room and equipment is said to be the main reason why the association in charge will seek another location on March 10.

Through the use of the Antioch Township High school and tent space on the athletic field the exhibits have been housed here in the past. The high cost of tent rental added to the fact that stores on Rte. 173 now occupy the space once available for parking have made the location less desirable.

Just where the fair will be held is not known. There are two or three places now under consideration but none is entirely satisfactory.

If the move is decided upon it will not be the first time that the change was made. Other times the fair was taken elsewhere it has failed and the association had to return to Antioch to start over again.

Rep. Harold D. Kelsey Buried at Barrington; Death Sudden Thurs.

Had Represented Agricultural Interests in House For Ten Years

The funeral of Rep. Harold D. Kelsey, 55, Barrington, Republican member of the Illinois legislature since 1938, who died unexpectedly at his home in Springfield, Ill., last Thursday was held Sunday in his home city.

The Rev. Dore Effer of the Salem United Brethren church was in charge.

Honorary pallbearers included Sen. Ray Paddock, Wauconda; Rep. Nick Keller, Waukegan; Rep. Thomas Bolger, McHenry; John Spellman of the Lake county Republican Central committee; and Abe Greengard, a personal friend of Rep. Kelsey.

Mr. Kelsey became representative after serving 12 years as a member of the Lake county board of supervisors from Cuba township. He was chairman of the agriculture committee and had been instrumental in drawing up many laws for the benefit of agriculture. He had filed for reelection, and unless members of his family take action to have the name removed from the ballot, the county clerk must certify it.

Servicenter Finally Drops Match to Ingleside After Winning Streak of 10 Games

A ten game winning streak was halted, and a new one started last weekend as the Servicenter match team split even in a pair of matches, losing to Al Friedle's Construction Saturday, and defeating Zion Recreation Sunday.

Friedle's were "hot" on their home alleys at Ingleside as they pounded out a 2816 series to swamp Servicenter with a 2626 total. Scoring was evenly divided for the winners with Koch hitting 591, Wehrstein 586, Gerlison 580 and Al Friedle 560. Servicenter was paced by Al Fischer and Ray Horan with 554 and 550.

With the tension of the long winning streak eased, Servicenter bounced back with a 2760 series Sunday to trounce Zion Recreation at Antioch. Carl Gibson with a 528 series and Don Bauer's 553 sparked the Servicenter revival; Bill Hammond shot 665 and Ken Schroeder 545 for the losers.

On Sunday, March 7, at 8 p. m. the Waukegan Moose club will invade Antioch to tangle with the Servicenter five in a return match. Antioch squeezed out a victory by ten pins in the initial encounter at Waukegan.

Play Grayslake Here

The grade school basketball team will play Grayslake grade school at the Antioch Township High school gymnasium at 2:45 p. m. tomorrow. The Antioch boys went to Alton last Friday and won both games from that school.

Anyway, Sam Hernquist Was Right Even If He Did Have to Pay Fine

Sam Hernquist, 64, of Rte. 2, had to pay a \$10 fine in a Waukegan court on a charge of driving through a red light this week, but he has the satisfaction of knowing that he was innocent and right.

Hernquist told Magistrate Clarence L. Brown the light was green when he started through and turned red before he passed the intersection at Jackson and Belvidere sts. A patrolman said it took from 4 to 6 seconds for the light to change, but the Antioch man said only two.

A newspaper reporter investigated and clocked the traffic light, with a patrolman, Hernquist was right and the patrolman wrong.

School Board Elections In Antioch On April 10, Candidates File Mar. 20

An election for the choosing of public school officials will be held April 10, W. C. Petty county school superintendent announced.

The Antioch grade school board will have three vacancies by reason of the expiration of terms. Those whose terms expire are Mrs. Ida Kufalk, president; Harold Cardiff and Mrs. Myrtle Klass.

The township high school will have two vacancies. The terms of Fred Scott and Ernest Glenn expire.

The grade school board has seven members and the high school board, five. Petitions for the placing of names on the ballot must be filed with the clerk of the boards by March 20.

There will be no election of a township trustee at this time.

Antioch 4-H Leaders Attend District Meeting At Crystal Lake Today

Mesdames Henry Renner, C. A. Wolfenberger, L. Nelson, E. J. McDougall, Lester Osmond, O. L. Rafter, and T. R. Birkhead are among Lake county 4-H leaders attending the district leaders' conference today at Crystal Lake.

Guest speaker at the meeting was Mr. W. Robert Amick, Associate in 4-H Club work in Indiana. He drew from his experience in telling leaders how they can make their 4-H club programs more efficient and pleasurable in their local communities. Highlight of the conference was a recognition luncheon when leaders who had served a number of years were honored. The Public Service Company of Northern Illinois was host to the leaders at luncheon.

This meeting was one of a series of 19 district leader conferences being held throughout Illinois by the state 4-H club staff to discuss the place of youth in modern society and to point out more clearly the role of adult leader in the training of rural youth.

Basketball Enters Final Stages for Year With Legion at Libertyville

Basketball is in its final stages in Lake county.

The Antioch American Legion will take part in an invitational tournament at Libertyville next week, playing Lake Zurich Wednesday evening. They and the Waukegan teams of Moose and Durkins, and Libertyville are expected to be in the final rounds.

The Legion recently made a good showing in a tournament at Waukegan.

In high school basketball the Waukegan Bulldogs lost to Miles 47 to 43 in an upset at the first round of the Illinois regional tournament. Barrington represented the Northwest conference in the tourney.

At Antioch High class games were played this week. Barrington won from Highland Park 42 to 39, in sectional tournaments held at Waukegan.

Barrington will meet Evanston tonight.

Postpone Lenten Luncheon
The Lenten luncheon to have been served by the women's auxiliary of St. Ignatius church on March 3, was postponed to March 10. Serving will start at 11:30 a. m.

Will Sponsor Style Show
The Lake Region Home Bureau unit is sponsoring a style show by Mari-Anne to be held at the Antioch grade school Wednesday, March 10, at 8 p. m.

Three-Part Program to Honor C. L. Kutil For 25 Years of Outstanding Service to Antioch Township High School as Teacher

A three-part program honoring Antioch's outstanding citizen, Clarence L. Kutil, has been prepared in recognition of his 25 years of service to the Antioch Township High school by members of the school board on the evening of Friday, March 12, in the school auditorium. The affair is public.

Starting at 8 p. m. a program of music and magic will be given. It will open with four popular selections by the Sequoia Music Makers directed by Hans von Holwede.

Mr. and Mrs. Julian Stripe of Waukegan, accompanied at the piano by Grace Wilkinson will sing three numbers, "Morning," by Speaks; "My Hero" by Straus; and "Bless This House," by Brahe.

Paul Harvey will entertain with sleight of hand performance and part one will be concluded with selections by a barber shop quartet composed of Arthur Tinsdale, first tenor; Charles Mason, lead; Stanley Bush, baritone; and Peter Jacobs, bass.

The worth of Mr. Kutil to the school and the community will be told by representatives of local, county and state organizations which have been affected by his life and efforts.

Warren Wells, president, and Richard Hartnell, past president, will represent the Future Farmers of America chapter which Mr. Kutil organized and sponsored.

Ray T. Nicholas, farm adviser, will represent the Lake County Farm Bureau and County 4-H organizations; D. H. Minto, director, the Lake County Fair association; W. J. Swayer, president, the Pure Milk association.

John Matthews, president of the Illinois Association of Vocational Agriculture Teachers, and Paul Jenkins, sectional chairman of that organization will bear greetings from their group.

Educational institutions will be represented as follows:

Lake County schools, W. C. Petty, county superintendent; office of state superintendent of public instruction, H. R. Damish, supervisor; University of Wisconsin, J. O. James, professor of agriculture and W. K. Hills, president of the Antioch Township High school board.

All guests will be served at a buffet supper by the school board in the school cafeteria at the conclusion.

Llewellyn Lesh Caught, Confesses Shooting of Policeman and Thefts

Former Millburn Youth Had Two Companions in 15 Robberies

Llewellyn Lesh, 22, who first fled to this community with his companion Louis Jazbinchek, 25, after they shot a patrolman in Chicago a week ago Monday, was captured in Akron, O. Saturday. He and Jazbinchek were working in a bowling alley at the time.

Pleas of the wives failed to cause the men to give themselves up and Mrs. Jazbinchek attempted suicide.

The two were said to have committed 15 robberies in Chicago and were casing a liquor store for another when apprehended by Patrolman William Hoban whom both shot in making their escape. They first came to the William Horton, Sr., home and failing to gain refuge, went to Indiana and then to Ohio, where Lesh and his wife and two children formerly lived. The police were tipped off to their presence by a woman who recognized Lesh.

They were returned to Chicago for prosecution, the nature of which will be determined by the outcome of Hoban's injuries. His condition is still serious although he has a good chance for recovery.

Lesh said he turned to robbery because he could not make enough as a window trimmer to support his family. He and his parents at one time lived at Millburn where they became acquainted with the Hortons.

The former Millburn resident was identified with another companion Tuesday as having taken part in four robberies in which they obtained money ranging from \$400 to \$600 from merchants.

Contract for Fire Station is Signed At Meeting Tues.

A contract which will be in force and effect as soon as a performance bond is furnished by Ed Kidera, successful bidder for the construction of Antioch's new fire station, was signed Tuesday evening at the regular meeting of the board of trustees.

The contract calls for construction of the fire house at a cost of \$27,940. No definite time for the actual building of the fire house to begin has been set, but it is believed that the construction will be started as soon as weather permits.

The meeting was described as being a lively one, and an especially vigorous session was held when the matter of improving the culvert on Tiffany road was brought up by Al Herman. The village board has been seeking a right-of-way for a line of poles to carry electric current to the septic plant, and as these poles would be placed on land belonging to Herman, his consent had been asked.

He countered with the proposition that if the village would help get an improvement of the culvert, that he would grant the right-of-way. Road Commissioner Robert Webb was on hand at the meeting and told those present that the cost of improving the culvert would be about \$2000, and that the township simply did not have the money to spare for this purpose. The village board agreed to expend \$200 for the purpose if this amount could be matched by the township. Herman offered to put up a like amount also. The expenditure of village funds for improving a bridge which is not within the village, is justified, according to members, because \$1400.00 has already been spent to dredge out Sequoit creek to the village limits and if the bridge is not put into shape this money will be partly wasted because of the bottleneck at the bridge, and consequent filling up of the creek with silt.

Ed C. Jacobs was present at the meeting to petition the board on behalf of Chas. Richards, in the matter of getting the village to accept an extension of Dwight court for street purposes. The members of the board ruled that the street would be accepted if it was improved and properly graded and surfaced. A petition by Bernard Naber was ruled on similarly some weeks ago.

Other business transacted included payment of bills and signing of papers relative to the grade crossing providing entrance to the village property east of the Soo line tracks.

To Give Plastic Exhibit
The public has been invited to a plastic demonstration to be given at 8:30 p. m. Tuesday, March 6, at the Guild hall, by the Royal Neighbors.

Mr. and Mrs. David Pullen, of Zion, former residents on the Ravenscroft farm east of the village on Rte. 173 will celebrate their golden wedding anniversary with an open house at the home of their daughter, Mrs. Donald Anderson across from the Antioch postoffice Sunday, March 14.

Mrs. Anderson will have open house for her parents from 2 to 5 p. m. and all of their acquaintances are invited.

Mr. and Mrs. Pullen are both lifelong residents of Lake county and spent most of their lives in this community. Mrs. Pullen was formerly Florence Webb, member of a pioneer family in Antioch township.

The Pullens have 10 children, five daughters and five sons. There are a number of grandchildren and four great grandchildren. The children are Ruth, Almon and Elmer of Waukegan; Harold of Lake Villa, Fred of Antioch; Mrs. Frank Barber of Gurnee; Mrs. David Neller and Kenneth Pullen of Kenosha.

While the anniversary date is March 16, the open house was moved ahead to Sunday for the convenience of friends.

Red Cross Drive Solicitation to Begin Next Week

Committee Busy Securing Workers for Annual Drive

A committee, headed by Edward C. Jacobs, is busy this week securing field workers for the annual Red Cross drive. Jacobs said today that actual solicitation would be started sometime during the next week. As in the past, the territory will be zoned and a worker assigned to each zone, he said.

Quota for Antioch township has been raised for this year to \$2100.00. This is almost double the figure for last year. Lake Villa's quota is set at \$1400.00 and the drive will be directed by Mrs. William Weber at Villa. Total quota for the county has been set at \$64,000, with \$10,000 to be raised in the rural areas of the county. William Weber of Lake Villa will act as chairman for this part of the drive. Last year about \$35,000 was raised in the county.

A section of today's News was furnished by the Red Cross organization, showing graphically some of the work which the annual drive provides funds for.

Cancer Authority To Speak at Mar. 16th Meeting Here

Dr. George Callahan, Vice- Pres. of Lake Co. Medical Assn. To Be Speaker

Dr. George Callahan, Waukegan, Ill., will be the speaker for the Cancer program to be held Tuesday evening, 8 p. m., March 16, at the Antioch Township High school auditorium. Dr. Callahan is vice-president of the Lake County American Cancer Society executive committee as well as being vice-president of the Lake Co. Medical Society. Dr. Callahan is also one of the consulting physicians of the Cancer Diagnostic Clinic at Victory Memorial hospital, Waukegan, Ill.

The sponsors of this public meeting in Antioch are the Antioch Women's club, Lake Region Unit of the Home Bureau, and the Antioch Unit of the Home Bureau.

The Committee arranging for this Cancer program are Mrs. W. C. Petty, president of the Antioch Women's club, Mrs. Lawrence Thayer, president of the Lake Region Home Bureau and Mrs. E. J. McDougall, president of the Antioch Home Bureau Unit.

The film "Traitor Within" will be shown and Dr. Callahan will also present his slides of statistics and information compiled on a survey of Lake County Cancer patients.

The number two killer of the United States is Cancer. One of every five people now alive in the United States will have cancer at some time in his life. Today because of the nation wide efforts of the American Cancer Society to unmask cancer and cure it, people are beginning to realize that the greatest fear is that of the unknown.

Distributing The Poverty

Writing on American Affairs, Dr. M. J. Bonn presents an objective and thoughtful discussion of socialism in England. His last paragraph sums up his conclusions: "It would be a great pity were the Socialist Labor Party to be released from power and responsibility before a majority of its followers has learned the lesson that leisure is the result of plenty and plenty is the result of work."

The favorite catch-phrase of socialism in all countries is its pledge to "divide the wealth." This at once conjures up heavenly visions of a society in which everyone will live in luxury with a minimum of effort. What actually happens—and England today is a living breathing example of that—is that the wealth is destroyed, and what is distributed is the poverty. When we arbitrarily attempt to lift all men to the top we only succeed in pushing all men down toward the bottom.

The capitalist system, by contrast, is based on the principle of incentive. There is a minimum of government meddling in our affairs. A man can go as far as his energies and abilities allow. And if the proof of the pudding lies in the eating, this system has produced more leisure, more wealth, more luxury for the masses of people, than any other since the world began. In Russia, for example, we have the socialized state in the extreme. And the average Russian's income, measured in terms of what it will buy, is about ten per cent of the average American's.

Furthermore, the class distinctions and abuse of special privilege the socialists are always talking about are far more flagrant in the socialized state. Again,

Russia is the best example. The ruling class and their favorites live in luxury of Czarist proportions. Everybody else lives in comparative squalor.

Lastly, and most important, the abuses of capitalism can be corrected—as the whole history of the United States illustrates. The people are top dog, and when they become enraged they get remedial action. The abuses of socialism and communism, once they are firmly entrenched, can be corrected only by revolution—the state is all-powerful, and it is ruthless when it comes to perpetuating itself. That is just another way of saying that the total state must be a police state, making full use of guns and clubs and concentration camps to hold the people in line. It always happens when a nation trades freedom for dubious promises of security.

Plenty Of Coal

Certain government officials still want the power to completely control the price and distribution of basic commodities. Soft coal is one of the commodities that has been specifically mentioned. And just how that could be justified is extremely difficult to understand.

Coal production is at an all time high. Last year we produced 620,000,000 tons, and authorities within the industry say that more than 650,000,000 tons can be produced if there is a need for it. The government's own statisticians expect a demand of 625,000,000 tons, this year—a large figure, but well under the industry's present capacity.

As to the matter of price, coal has long sold at a low figure at the mines. Increases which have taken place have been the inevitable result of higher wages and more costly materials and supplies. The coal miner has a weekly income of from \$75 to \$100. The amazing part is that the industry has been able to keep prices as low as they are in the face of zooming costs all along the production line.

Controls always decrease production, instead of increasing production. That would be true of coal as well as anything else. Free enterprise gets the goods out and to the market.

About Electric Blankets and Comforters . . . new contributions to Better Living

FOR many years the Public Service Company has helped to introduce many useful electrical appliances into Northern Illinois homes. Now we feel it is timely to inform the public of another new use of electricity . . . electric blankets and comforters. Here are some facts about them.

Electric blanket production during the war was restricted so that electrically heated flying suits could be manufactured for the Air Forces. In the development of these flying suits, a great amount of research and testing was done. Because of the extreme temperatures encountered by the flyers (as low as 60 degrees below zero) and the hard usage given the suits by the bomber crews, a fine, extremely flexible wire was needed. As a result, a wiring system was developed that was so sturdy it outlived the fabric.

They Are Dependable

All the research and testing accomplished during the war years has contributed directly to the dependable and efficient operation of these new electric bed coverings. Tiny thermostats provide protection from possible overheating due to abuse. Leading brands are approved by Underwriters' Laboratories, Inc., and those we offer for sale have been thoroughly tested and approved by Public Service Company's own testing laboratory.

Ordinary bed covers can only insulate the body from changing room temperatures. It is the heat of the body and the number of covers added that controls the temperature in the bed. In order to be perfectly comfortable with ordinary covers in a room where the temperature is constantly changing, they would have to be added and removed throughout the night.

With only one electric blanket or comforter, the proper amount of warmth is maintained throughout the night regardless of changing temperatures. The warmth given by the electrically heated cover is a gentle heat that can barely

be felt by the hand. The bedside control regulates the heat automatically, and provides many degrees of warmth from which to choose. With only one cover per bed needed the bedmaking problem is simplified. It means easier cleaning and storing when not in use, too.

Many Types Available

There are several types of electric bed coverings—a blanket designed for a double bed with a dual temperature control so two people in the same bed can select the degree of warmth each wants for his half of the bed. Another is a satin comforter which operates like the blanket. And still another type of blanket operates on the same general principle as the others but the temperature is electronically controlled by the temperature of the bed rather than that of the room. Electric bed coverings are available in a variety of attractive colors, and in both twin and double bed sizes.

Care Is No Problem

Electric blankets can be washed the same as any other fine piece of wool. They are certified washable by the American Institute of Laundering and many good laundries will wash them for you. The electric comforter has a sheet containing the wires which is removable for washing. The satin covering is cleaned like an ordinary comforter.

What you sleep under is just as important to sleeping comfort as what you sleep on. Electric bed coverings, the first important improvement in sleeping comfort in many years, are a major addition to the long list of conveniences which electricity has brought to the American home. Users are unanimous in expressing their satisfaction with this new contribution to their comfort.

The pastor of the Community Church, Rev. Dixon, will preach on the topic "Life is What You Make It," at the worship service next Sunday morning at 11 o'clock.

Last Sunday evening at 7:30 the High School Youth Fellowship group met at the church basement for a period of discussion and recreation. There is room for more in this group of young people.

The Pastor, Rev. Dixon, Charles Von Oeyen, Ben Cribb, Harry Weber, Russell Nickerson and Ronnie worked at the church basement last week in the evenings and gave the new floor a nice coat of wax, adding to its appearance as well as wearing properties.

Augie Tanner, of Chicago, who formerly lived here, visited friends here on Monday. He is an employee of the Schulze Baking company.

Russell Brumfield has been confined to his home recently by illness.

Mr. and Mrs. Lester Hamlin were in Chicago on Wednesday to meet Mrs. Hamlin's parents, Mr. and Mrs. Arthur Nauta, who have just returned to their home in Waukegan after several months spent in Florida.

Mrs. J. C. Botts and infant son returned home from the hospital last Saturday. Chief Signalman J. C. Botts has re-enlisted in the Navy and for the present is stationed at Great Lakes.

Mrs. Ruth Gilmore, of Bristol, spent Monday with her friend Mrs. Edna Botts and family.

Mrs. Paul Avery, Sr., and Mrs. Fred Hamlin entertained the Royal Neighbor Officer's club at a luncheon at the Avery home on Tuesday this week. There were some visitors and the ladies worked on a quilt to be made for the society.

SOCIETY EVENTS

Methodist To Have Intermediate MYF

Formation of an Intermediate Youth Fellowship for young people in the sixth, seventh, and eighth grades was announced this week at the Methodist church. The new group will meet each Sunday afternoon and its program will consist of a recreation and worship. The advisors will be Mrs. Luster Badger and Rev. Tuttle.

The first meeting of the Fellowship will be held this Sunday afternoon at 3:30 in the basement of the church. The recreation program will be arranged by Mrs. Luster Badger. The subject for the worship service is "Choosing Friends". The leader will be Lauris Burdick. The prayer will be led by Patsy Ann Keulman, and the story will be told by Sylvia Beelow. Mary Ann Nielson will be the pianist.

Senior MYF Splash
Members and friends of the Senior Youth Fellowship of the Methodist Church will enjoy their second splash party, this Saturday evening at 8:30 in the Waukegan YMCA. Cars will leave the church at 7:30.

The Sunday evening worship service of the Senior MYF will have as its guest speaker Miss Alice Smith. Miss Smith will speak on the New Testament in the first of a series of two meetings on the subject. Bud Cardiff will have charge of the devotion. A recreation program will be in charge of Presly Bratrude, Recreation Commissioner.

Church School
The Methodist Church school again broke its attendance record this past Sunday, according to Mr. B. G. Guillaume, Superintendent. The actual attendance was 190 which bettered the previous attendance record by twelve. In conjunction with the Crusade for Christ of the Methodist church, Ralph Hall Collis, Executive Secretary of the Rock River Conference Board of Education will be the guest speaker this evening (Thursday) at 6 o'clock at a pot luck Teacher's meeting in the basement of the church. Mr. Collis will show slides and discuss effective methods in the church school program. Two or three tables of literature will be featured.

The Secret Spring
Rev. Tuttle, minister of the Methodist church will preach on the subject "The Secret Spring" at the 11 o'clock worship service Sunday morning. The robed choir under the direction of Mr. Charles B. Watson will sing. A nursery for young children is maintained each Sunday morning by Mrs. William Banett and Mrs. Sigurd Nielson.

The new year will start with a meeting at the home of Mrs. Vaeha with Mrs. Helen Volk, County Adviser, giving the lesson, "The Consumer Speaks on Meat."

The new officers will assume their duties at the March meeting.

Only One of Four Persons Have Filed Income Tax For 1947, Collector Reports
John T. Jarecki, Collector of Internal Revenue, First District of Illinois, announced today that of 2,850,000 individual income tax returns for the year 1947 he expects to be filed in his office before March 15, 1948, only 700,000 have been filed to date.

He urged that the 2,150,000 taxpayers in the First Illinois District who have not yet filed their 1947 income tax returns do so now in so doing avoid the period of extreme pressure between March 1 and March 15.

Mr. Jarecki stated that taxpayers who need the assistance of his deputy collectors in the preparation of their income tax returns will have a shorter wait in securing assistance now than will be the case in filing of their returns is delayed.

Vets Assistance Provided At Legion Home Tonight

Veterans in the Antioch area who have not recorded their honorable discharge, filed for their terminal leave or Illinois bonus, or decided on their government insurance will have opportunity this evening to have the consultation of experts at the American Legion home here.

Arthur F. Reutlinger, Arthur F. Adams and Mrs. Myrtle Jacob of the Waukegan office, Illinois Veterans' commission, will be present from 6 to 9 p. m. to be of assistance in consultation and filling out forms.

Uncle Sam Says

What did the Secretary of the State of Wyoming say to the Banking Commissioner when they met in Cheyenne in 1937? "I'd like to find a plan to assure a comfortable retirement for myself and my family," said the Secretary of State. "Why don't you do what I am doing, buy Savings Bonds regularly out of income?" his friend replied. Today they have begun the second 10 years of their retirement plan. The then Secretary of State is now Governor Lester C. Hunt, and the former Bank Commissioner is the present director of Savings Bonds sales. You, too, can emulate their example. If you invest \$18.75 each month in a Series E Savings Bond of \$25 maturity value over a period of 20 years and hold ALL the bonds it maturity you will receive an average yearly income of \$700 for the ten years following.

Flying Lizards of Malay
The flying lizards of the Malayan region have a fold of skin along the sides of the body which enables them to make gliding flights, from tree to tree. These "flying lizards" are often so gorgeously colored that the animals in flight resemble gaily colored butterflies, but the body is usually of a sober hue and when the wings are folded, the change is so abrupt that the animal itself seems to disappear.

Archery Becomes Popular
Since 1870, when the first American archery tournament was staged in Chicago, the sport has become increasingly popular. Men use a 6 foot bow and women a 5 1/2 foot bow. The arrows are made of cedar, pine or yew wood. The arrows for men are 28 inches long. The targets are placed on an easel, the center being 4 feet from the ground.

SHORT STORY

No Need
For WordsBy
LILA LENNON

IT HAD been a silly quarrel, really, Peg reflected. The quarrel had started from such an insignificant thing as her new hair-do.

Now, here she was sitting alone, the slam of the front door still ringing in her ears.

Bob had gone out alone, and on a Thursday night, too. That was what really hurt most, because Thursday nights were such special nights. The stores were all open, and after the dishes were done, Bob and Peg always went window shopping.

3-Minute
Fiction

There never was a lot of money to spend. Sometimes they did buy one or two little things, and it was always such fun!

Peg thought for a moment about how Bob used to tuck her hand under his arm and say, "Some day, honey, I'll give you all the things you want." And she had always said:

"But I have what I really want... you. And, what we share has no price, it can't be measured in terms of dollars and cents!"

It was true, Peg reflected. You can't put a price on the magic of contentment and love and understanding.

Understanding! It was something of a shock to discover that Bob could be so critical... and so stubborn. And, he hadn't understood, at all.

Bob had been tired... but even so, all she had done was to say, "You haven't even noticed my new hair-do!"

HE SAID grumpily, "I don't know why you spent all afternoon getting that done, you look like you're getting ready to take a bath!"

Tears smarted Peg's eyes. Her words rushed out. "You'd look better with a hair-cut yourself!" "I know it," Bob admitted, "but I hurried home so we could go shopping."

There seemed to be a broom handle stiffening in Peg's back. "I don't think I care to go shopping tonight," she answered slowly.

When the dishes were done, Bob turned to her. "Are you ready?" Peg answered stubbornly, "I'm not going."

Bob had been equally as stubborn, though. "I won't beg you to come, Peg. I'll go alone." And he had gone, just like that.

Darkness crept over the room, but Peg didn't turn on a light. She dropped her head on her arms and remembered other Thursday nights. Bob, helping her to choose a slip, saying critically, "That looks too big for you, you're so little." Bob, being amused... "Those little pink things with the bows are sure cute!"

BUT, tonight, he was alone... he had wanted it that way... what was he thinking? Did he feel the same loneliness?

Silly! No, Peg reflected, maybe it wasn't silly, after all. Maybe it was really very important. Maybe the little things were, after all,

"You'd look better with a haircut yourself," Peg had said.

Important to real understanding. Maybe... it was up to her, too, to be as Bob wanted her to be.

Quickly, her hair came tumbling down. When Bob came home she would say the things that were in her heart; he'd understand.

The sound of the door opening quietly, reached her. "Peg," Bob called.

"Here," she said softly.

He walked over to the lounge. "Why are you sitting in the dark? I was worried, I thought... want a light?"

"No," she answered quietly. Bob cleared his throat. "Here... I brought you a little present." He thrust the small package into her hands. "Wait a minute, I'll turn on the light."

The light shone down on her head as Peg undid the folds of tissue. It made little colored beams dance up from the two tiny jeweled combs. She turned to Bob, and all the things she wanted to say rushed to her lips, but Bob was staring at her hair tumbling to her shoulders. Then he took her in his arms and held her tight. There was no need for words.

Married Vets Lead
A study of the scholastic standings of married veterans and single veterans studying at Rensselaer Polytechnic Institute, Troy, N. Y., shows that the married ones are topping the single ones. The study was made because of the fear among some educators that the responsibilities and distractions of married life might impede the student's progress. The study covered 2,763 student veterans, of whom 652 were married.

Winter Returns To
County For 3 Days

Old man winter played a return engagement this week when he opened up the skies and placed the county under a blanket of snow reported to have been ten inches deep by weather observer Roy I. Kufalk. The belated snowfall and blizzard duplicated almost to the day the freak storm of last March when more than 50 cars were stalled on the roads surrounding Antioch.

It is believed that the situation would have been much more serious to traffic had the snow been of different texture and more likely to drift, as a wind of more than 30 miles per hour accompanied the snow.

The snowfall started on Monday afternoon and by ten o'clock in the evening was falling in earnest. The fall continued throughout the night and all day Tuesday. Some snow fell on Wednesday. Good work on the part of highway crews kept most of the main roads open at all times, but a few motorists were unable to get to their destinations on Tuesday.

Main sufferers from the storm were persons living in the lake region subdivisions, many of whom were unable to get to work on Tuesday.

Antioch's streets were kept well plowed by the street department under the direction of William Thiemann, and were in very good shape throughout the storm.

Local weather prophets predict a short life for the snow, saying the warm spell scheduled to start today will make short work of the ice and snow.

Uncle Sam Says

This is the time of year when the "shop early for Christmas" signs begin to take on meaning which will grow day by day until the happy day actually is here. You could do no better than to put savings bonds at the top of your gift list for someone in your own family circle or a dear friend. U. S. Savings Bonds are truly the gift that is thrice blessed—when it is given, when it is received and when it matures 10 years hence at the rate of 4 for every \$3 invested.

Easy on the eyes — and ears

Standing still, it has the eager look of a pointer scenting game, so swift and flowing are its lines.

Sweeping by, it stands out unflinching from the highway crowd, unmistakably a Buick and unquestionably the year's trimmest fashion plate.

But have you traveled in one of these tidy new beauties?

Have you seen for yourself how smooth and silent is its flow of power, how hushed and quiet is its ride?

This comes from many things.

From Fireball power now Hi-Poised for throbless smoothness. From a Vibra-Shielded ride that is your ever-present protection against road-noise, body-drum and vibration build-up.

And it comes, in addition, from a brand-new development we call Sound-Sorber top lining.

It's a thick pad of feathery insulation much like that you use in your own home, and it goes into every closed model in our 1948 SUPER and ROADMASTER series.

This new lining cloaks your Buick in new and delightful silence akin to that of your own living room —

silence that encourages normal-tone conversation, makes soft radio music clear and enjoyable throughout the whole car.

So you ride in quiet as well as beauty when you travel in this style star.

You find it a great-hearted lovely that is soft of voice and gentle of manner — a delight to the traveling ear, the guiding hand and the passing eye.

Don't just see it at your Buick dealer's—look into it with greatest care. The deeper you look the surer you'll be to see the wisdom of getting a firm order in now!

You shall have music—
wherever you ride

Front seat or back, you listen to your radio of soft and undistorted volume in this new Buick. You talk without shouting, know freedom from rattle and din. Always cars of quiet comfort, the Buick SUPER and ROADMASTER step out still further, with Sound-Sorber top lining—a Buick exclusive.

Antioch Auxiliary Aids Veterans Craft Exchange In \$472 Sales in 1947

Helping disabled veterans to help themselves is the aim of the Illinois Department of the American Legion Auxiliary sponsored Veterans' Craft Exchange, according to Mrs. L. R. Van Patten, president of the Antioch Unit of the American Legion Auxiliary, which is assisting with this project.

Each year the Antioch unit along with the other 800 units in Illinois, sends funds to help cover the overhead expenses of this ten year old program and also sells the handicraft of the veterans, on consignment. During 1947, according to Mrs. Van Patten, the Veterans' Craft Exchange handled approximately 85,000 items of all kinds made by over 300 "exhibitors", as the disabled veterans are called, and returned \$57,736.89 to them for their articles.

The only non-profit shop of its kind in the world, it is an attractively decorated suite on the seventh floor at 30 West Washington Street, in the heart of "The Loop" in Chicago. Its manager and his two assistants are World War II veterans and they are assisted by volunteer Auxiliary workers. A board of 12 Auxiliary members, assisted by an advisory committee of four American Legion members, manages this Auxiliary activity.

In the various modernistic show cases and shelves in the shop are displayed some 500 different types of articles made by these veterans, who are located throughout the United States—many in veterans hospitals, others working, often in wheel chairs, in their homes.

Lift Morale of Veterans

About half of the sales are made at the Chicago office and the other half, ranging in consignments from \$2 to \$500, are sold by Auxiliary members at various Unit or District meetings in their home towns. The members of the Illinois Federation of Women's Clubs also are assisting in selling the handicraft and other organizations are invited to do so. The articles make attractive gifts, commented Mrs. Van Patten and the recipients are usually pleased to know that their gifts were hand made by disabled veterans. The sale of these articles not only assist the veterans financially but also lifts their morale. Articles range in price from a ten cent key ring with an attractive shell on it to a \$65 crocheted lace table cloth, according to Mrs. Van Patten. There are elaborate polychromed coaches for fire place mantels and beautiful horse head book ends and miniature pianos of lucite, made by patients at Hines Veterans' hospital. Bun baskets are made by an 85 year old Alabama woman, a veteran's dependent, who collects the reeds herself for the baskets.

"A World War I paraplegic carved colorful plastic jewelry," said Mrs. Van Patten "and a former WAC makes clever rag doll clowns, which the children love; while a World War I nurse, living in Florida, fashions delicate shell jewelry."

Mrs. Frank Kennedy, Unit Craft Shop chairman, is assisted by Mrs. Anton Johnson in handling this project. At the Legion Convention last year Antioch Unit received a citation for having sold the most Veteran's Craft articles of any Unit in the 10th District. Mrs. Anton Johnson was chairman of the project and her sales amounted to \$472.00.

Lakes Gazette of Round Lake Is Now Round Lake News

With the last week's issue the Lakes Gazette of Round Lake went out of existence after eight years of publication. The new owners of the publication have renamed the weekly paper the Round Lake News.

The new publishers are H. L. Ahlman and E. J. Wickman, publishers of the Graylake Times. The men have been at the Graylake Times since they purchased it about a year ago from Paul E. Schlottman. Schlottman had been publisher of the Times for about twenty years.

The format of the new publication will be the same as the Graylake lake Times and the printing of the weekly will be done there in the Times plant. A business office is to be opened soon in Round Lake. Round Lake now boasts two publications, the other being circulated by the Bulletin Publishing Co., edited by A. N. Solomon.

There'll Be Few Birthdays For New Daughter of John McTavish and Wife

A daughter born Sunday to Mr. and Mrs. John McTavish of Antioch will have few actual birthday anniversaries in her life because of her arrival on February 29 at St. Therese hospital. When she becomes an older woman she will be privileged to claim a tender age because the anniversary will come only once in four years—leap-year. But it is quite probable that there will be an annual birthday cake whether there is a Feb. 29 or not.

Former Antioch Dentist Dies in Tulsa, Oklahoma, Was Resident of Chicago

Dr. Arthur Highgate, 43, former Antioch dentist, died unexpectedly Sunday at Tulsa, Okla., where he had gone on a business trip. He was a traveling salesman for the Sherman Klove Tool Mfg. Co.

Mrs. Highgate and daughter, Betty, aged 15, were with him at the time of his death. They reside on Drummond St., in Chicago.

The Highgates came to Antioch about 15 years ago and he practiced dentistry in the postoffice building for five years. From here the family moved to Fox Lake where they lived for about five years. Mr. Highgate then gave up dentistry to take a job as traveling salesman because of the confining conditions surrounding the profession. He and Mrs. Highgate were active in community affairs having served on the school board of Grant township and as officers in the Eastern Star.

Care in Use of Social Security Numbers Is Urged

Trusting to memory is the chief reason why some workers are not receiving full credit for their Social Security tax deductions, Mr. Bernard Barnett, manager of the Waukegan, Illinois Social Security field office pointed out today.

"Employees will forget their social security card and then give the paymaster their number from memory," Mr. Barnett said. "If they give the wrong number or transpose a digit, they cannot get credit for their payroll deductions until the error is caught and the correct number secured."

He urged employers to demand to see the social security card, and use the number and the name as shown. Carelessness in social security numbers cost the Government around a half million dollars a year.

Benefit Card Party Planned A benefit card party will be given by the building committee of the Millburn Masonic lodge at 8 p. m. Saturday, March 6, at the Masonic temple. Bridge, pinocle, five hundred and bunco will be played. Ray Brown is chairman.

Will care for children by day or night. Call Sunday. Tele. Antioch 477-M-2. (261fn)
